Stomach Catarrh Is Very Prevalent

In this climate Catarrh is a
prevalent disease. Catarrh af-
fects the stomach as often as
any other organ. Perhaps every
third person is more or less
troubled with stomach catarrh.
Peruna is extensively used with
these cases.

don, formerly of this city, will regret to
learn of his misfortune at Bloomington,
Ill., last week. Mr. Raydon is a car-
penter and while at work on a building

"The Woman," a Paramount Feature
to be shown at the Alhambra Monday.

Our Traffic Officers.

Anything like a busy day in Richmond
it becomes absolutely necessary to have
two or three traffic officers on Court
Square to keep automobiles, buggies,
horses and the crowd moving in order to
obviate the danger of somebody getting
run over and hurt. We are pleased to
note these officers upon our streets. It
not only looks metropolitan, but it
lessens the dangers of pedestrians,
teaches the drivers of automobiles and
horses the law and how to drive, and
it shows that country people are coming to
our city in bunches, to all of whom we
give a cordial welcome.

resides at 5122 Camp street, New Orleans,
Louisiana: "Am sending a dollar for sub-

ing paper the past year and feel as though
I cannot do without it". Miss Bertell is
well known in this city where she has of-
ten visited. We not only thank her for

the dollar, but we feel very grateful in-
deed her kindly expressions. It is just
such little courtesies as this that makes
life worth living. Again, we thank you,
Miss Bertell.

representing the American Tobacco Com-
pany; R. N. Cunningham, a tobacco broker

We clip the following from the Yosemite
Tourist, published at Yosemite Valley,
California: "Among yesterday's arrivals
at Yosemite Falls Camp from Kentucky

were: R. R. Burnam and Judge W. R.
Shackelford, of Richmond, and Judge
A. A. Hazlett, of Mt. Sterling. The
gentlemen are on a sightseeing tour of the
west and are getting their money's worth.
Yesterday they took a side trip to the Tu-
olumee Trees. They not only saw the
trees but a bear as well. Only Judge
Shackelford claims that the bear was tied
to a tree. The judge is so-b-used with
the valley and would take some of it home
with him. Mr. Burnam is supposed to be
the financial wing of the firm but beyond
borrowing from the others he has failed
to do his share. Judge Hazlett has
very little to say, being of a retiring dispo-
sition.
